ASP.NET Core | JavaScript | C# | MySQL | React.js | Angular | RESTful APIs | TypeScript | Java | Spring Boot | Problem Solving | Object Oriented Programming | Docker | Redux | Gitlab | HTML5 | Manual Testing | CSS3

EXPERIENCE

FULL STACK SOFTWARE DEVELOPER, Iasi

Status32, December 2024-Present

- Contributed to large-scale projects including **CFR Marfa, Iulius Group, CNPB**, and **CNAIR**, delivering end-to-end features across frontend and backend using **ASP.NET Core (C#)**, **React**, and **SQL Server**
- Developed a robust **invoice management interface** for the CNAIR platform, enabling the addition, editing, and use of over **40,000 invoices** by the client.
- Refactored the **Registers module** in the CNPB application, reducing page load time from **10 seconds to under 1 second**, significantly improving performance and user experience.
- Created a Timesheet interface for CFR Manfa, actively used by over **4,600 users** daily to submit and manage their time records.
- Implemented advanced **calculation logic** to manage and display various types of jent agreements for Iulius Group, supporting **9 mall complexes across Romania**

INTERNATIONAL TRADE SPECIALIST, Iasi

VEO Worldwide Services, October 2024-December 2024

- Managed a UK-based supplier database of over 1,000 suppliers, focusing on sourcing clearance food products within the grocery category.
- Initiated and negotiated daily with 40-50 UK suppliers, identifying short-term stock opportunities and securing

favorable purchasing terms for bulk acquisitions.

JUNIOR SOFTWARE ENGINEER, Iasi

Ness Digital Engineering, December 2023-May 2024

- At Ness, I led the development of an employee onboarding app using state management workflows and TypeScript, focusing on creating a responsive admin interface for efficient course management.
- I implemented modern responsive design techniques, ensuring cross-browser compatibility and optimal rendering performance.
- I developed new user-facing features, integrated third-party APIs, and built reusable components, optimizing performance for maximum speed and scalability across various devices.

INTERN FRONT-END DEVELOPER, Iasi

Ness Digital Engineering, October 2023-December 2023

TRAINING SERVICES COORDINATION AND LOGISTICS ASSOCIATE, Iasi

Conduent, December 2022-October 2023

- Processed an average of 35 training-related requests per day for Lilly USA, the largest pharmaceutical group in the United States.
